Price is right!

A well-priced property is the most important factor in marketing the property for top price. Naturally, listing a property too low will preclude the opportunity for getting top dollar. On the other hand, setting the price too high discourages showings and tends to eliminate the most likely buyers from viewing the property.

Tell us one of your favorite music.

One of my favorite music is the " Four seasons: Spring" by Vivaldi. I like this piece of music because it is lively and exciting.

Name : Katerina Jou
School : Townsend Harris High School
Grade : 10th
Instrument : Violin

Tell us one of your favorite music.

One of my absolute favorite pieces of music would have to be "Black is the Color of My True Love's Hair," in particular the recent arrangement by Peter Hollens and Avi Kaplan. This music appeared as early as 1915 and was first known in the Appalachian Mountains. The music is just so calming, yet with a hint of a creepy feeling. Nina Simone's cover is also quite amazing, as her deep voice gives off the same vibe.

Make your Christmas wishes.

My Christmas wish would be just for everyone to relax. I hope we could all just celebrate the holidays with family and friends. Christmas, along with the winter holidays, only come once a year, and it's this time that families can spend time playing the snow or retreat to comforting and fun winter resorts typically to ski, snowboard, or to ice-skate. During this time and for many years to come, I also wish everyone happiness and health.

How do you plan your holiday break?

To be completely honest, I don't know. I want to sleep in all day and possibly finally get the chance to hang out with some friends. Something along those lines.

Free Space :

I would like to give a final thanks to the Orchestra faculty for the featured soloist opportunity. ~ Well, most of my holiday wishes have been said, but as a final reminder, please enjoy the concert!

Name : Lily Jin
School : Baccalaureate School for Global Education
Grade : 7th
Instrument : Violin

Tell us one of your favorite music.

One of my favorite pieces of music is probably Pictures At An Exhibition by Modest Mussorgsky because it's really exciting. However, I think that all classical music is really interesting and cool. I also really like movie music.

Who is or was your favorite composer and why?

My favorite composer is Beethoven because he was very influential.

Name : Summer Jing
School : The Brearley School
Grade : 11th
Instrument : Flute

How did you decide your first instrument?

When I started in 7th grade, I was a contrary child. Since all of my classmates were doing string instruments, I was violently opposed to it. The flute is a very pretty instrument, and can usually be heard easily above the rest of the orchestra. At first, I definitely did not love the flute the way I do now. The more I play flute, the more glad I am of my decision when I was younger.

Name : Lillian Kwong
School : The Bronx High School of Science
Grade : 9th
Instrument : Percussion

How do you decide your first instrument?

I was first introduced to the piano at the age of 7. There were times when I really did not want to practise piano but I had to anyway. About a year ago, I started percussion lessons and finally realized how piano lessons had benefited me. My ability to sightread makes it easy for me to play the xylophone and the bells!

How do you plan your holiday break?

Well if this question concerns my process of planning, everything is completely impromptu. (see what I did there?) But what do I plan to do during holiday break as of now? Create more bad jokes like the one aforementioned, eat good foodstuffs, (attempt to) catch up on sleep, survive the cold weather, and... eat more good food. Because if there's one thing that drives people to joy, it's food. What kind of food? Your typical fancy-ish home dinner! I am currently under the impression that Thanksgiving and Christmas dinners are the same, but who cares! It's soooooo good! And even if this isn't Halloween, candy is an absolute necessity. Yes, it is.

Free Space :

5 years in the orchestra! Woohoo! I am genuinely grateful for everybody who has brought me here. I don't want to mention anybody in particular, but, ummm, my parents, and my french horn teacher!

Tell us one of your favorite music.

One of my favorite songs is Little Dance in F by Hayden. I like it because it sounds jumpy and cheerful.

Who is or was your favorite composer and why?

My favorite composer was Mozart, because he has an interesting background and composes great music.

How do you plan your holiday break?

I am excited to be going skiing with my friends and family on the holiday break.

Name : Ethan Lin
School : Middle School 67

Instrument : French Horn

How do you decide your first instrument?

I had picked my instrument the French Horn because it had sounded interesting. The word "French" had got my attention. Another reason is because it was brass and I wanted to try something unique and different from the traditional violin. I had picked my instrument at the music center at Song of Songs.

Tell us one of your favorite music.

My most favorite music of all time is all of John Williams theme songs for different movies. EX: Indiana Jones, Star Wars, Jurassic Park, etc.

My favorite composer is John Williams. He is my favorite composer because his music is interesting and (is shouldn't use this word to describe it though it is just to good) awesome.

Make your Christmas wishes.

My first wish is for everybody to have a great CHRISTMAS (X Mas and whatever you want to call it), HAPPY NEW YEAR, and whatever else you celebrate. Also everybody have a safe holiday season. My second wish is to get a LEGO Star Wars set.

How do you plan your holiday break?

I plan to spend my winter break sleeping until 12:00 P.M. and reading for hours at a time and playing with LEGO's and making them take form of different vehicles.

How do you decide your first instrument?
My first instrument was the piano. My mom wanted me to be involved with music, and have me learn to focus more. She thought the piano would help me with my coordination and would sharpen my mind. I personally loved music, which drove me to play other instruments, such as the violin.

My greatest wish is only that I be able to spend some free time with my family. Some snow this Christmas would be nice too.
Best of wishes to all of you!
How do you plan your holiday break?
This year's Christmas is going to be a very different experience for me than ever before!! I'm going to have to heavily prioritize my work over the free time that I usually have during Christmas break.

Tell us one of your favorite music.
One of my favorite compositions is Symphony No. 40. That piece contains many layers, and you can always hear each and every one of the instruments at any moment. The layers create a lovely sound, which makes it hard to believe that someone sat down and wrote that. Many drafts of it too. I had previously played the flute part, and would love to try the violin part.

My first instrument was piano. It was picked for me 6 years ago. Afterwards, I chose violin because of my own interests 4 years ago. I don't really have a favorite composer, but Beethoven is interesting because he was able to compose music though he was hearing impaired.

How do you decide your first instrument?
I picked the violin because when I was little, I was in dance class and crying for some reason that I don't even remember, and my dad picked me up and brought me to the violin studio next door. There, the violin teacher (who is now my violin teacher), Mrs. Lou, had her student Maggie, play a song to make me feel better. After I stopped crying, I started to fall in love with the music it made, and thus chose the violin.

How do you decide your first instrument?

I actually started with piano and not cello and it was my mom who started me on playing it. As I started to play the instrument, I really liked the sound of the piano even if I was only 4 years old. When I enjoyed this instrument, my mom thought that I could probably pick another one and that's how I ended up playing the cello because me and my mom thought that the cello was a beautiful instrument and I thought that I could play it but I really started out with the piano.

How do you decide your first instrument?

I decided to play the trombone because I thought it was a unique instrument. Unlike others, it uses a slide rather than keys or valves and I thought it was a difficult instrument to master because of this. I wanted to challenge myself so I decided to play the trombone.
