CONSULTATIVE STATUS CATEGORY II WITH THE UNITED NATIONS  
Accredited to the United Nations in association with Department of Public Information

Dear Members and Friends,  
You are cordially invited to attend the  
November Program featuring  
“Update Ourselves to Internet Era”  
by Richard Lin

Being in computer world for more than thirty years, Richard Lin has been going through big data center, PC, to personal pocket devices such as notebooks, notepads, and smart phones. These devices communicate through Ethernet, twisted pair copper cables, phone lines, wireless (4G, Wi-Fi, Bluetooth), and fiber optics. Finally stepping into internet world since 1997, we've been doing web page design, web site hosting and (clinic) office automation thereafter. Not only we serve international companies, government agencies, but also we serve and be volunteering to local community and churches.

This seminar will include:

- 1, Setup and operation of PC (Notebook), notepad, smart phone.
  - 1.1 Setup, and app download
  - 1.2 Email, messaging, line, wechat,
  - 1.3 Benefits of Wi-Fi and blue tooth
- 2, Security sensitive operation
- 3, Big data, AI and internet in the future
